

2013 FCAT Performance for Lake Eola Charter School

Lake Eola Charter School received an “A” for the 12th year in a row based on the scores of the Spring 2013 FCAT. Below you will find the % of students across the testing groups (3–8) who achieved a grade of 3 (on grade level) or above. While we are proud of our achievements, LECS’ goal is to have a passing percentage of 100% in the near future. We thank our superlative staff, our stupendous students, our progressive parents, and our caring community for truly setting the model for the “whole village” concept.

Of further note is that 78% of our students made reading gains and 87% of our students made math gains. Congratulations all the way around. Thank you all!

Grade	Reading % at or above grade level	Math % at or above grade level
3	83	90
4	80	93
5	76	79
6	90	84
7	93	80
8	85	81
